

Training on Nutri-Cereals and Maize based Baked products at ICAR-CIPHET Ludhiana

Two days training on Nutri-Cereals and Maize based Baked products was conducted from 24th – 25th February 2021 at ICAR-CIPHET Ludhiana. The hands-on training for preparation of baked products such as biscuits and muffins from nutricereals and maize were provided to 10 participants from district Tarn Taran, Punjab. Director, ICAR-CIPHET, Dr. Nachiket Kotwaliwale informed about the facility of Agri Business Incubation available at CIPHET to the participants. He also motivated the participants to start small processing facility for enhancement of their income. Dr. Mridula D., Head (Act.) FG&OP Division and Coordinator of this training program explained the various inputs required for setting up a start-up including FSSAI standards and registration. A training manual entitled ‘Nutri-Cereals and Maize based Baked products’ was also provided to the participants for their reference and knowledge sharing. The program was coordinated by Dr. Mridula D, Dr. Manju Bala and Dr. Swati Sethi. It was assured to the participants that all possible help will be extended from ICAR-CIPHET for establishment of small scale processing unit and start-ups. The program was concluded on 25th February 2021.
